Waterfront Learning is a service of the Allegheny Intermediate Unit, an educational service agency serving learners throughout Allegheny County.

Produced and revised by AIU Communication Services, February 2013

The Allegheny Intermediate Unit is an equal opportunity education institution and will not discriminate on the basis of race, color, national origin, ancestry, religion, sex, sexual orientation, age, handicap, or limited English proficiency in its educational programs, services, facilities, activities, or employment practices as required by Title IX of the 1972 Educational Amendments, Title VI and VII of the Civil Rights Act of 1964, as amended, Section 504 Regulations of the Rehabilitation Act of 1973, the Age Discrimination in Employment Act of 1975, Section 204 Regulations of the 1984 Carl D. Perkins Act, the Americans with Disabilities Act, or any other applicable federal or state laws. Any person who believes that s/he has been subjected to discrimination shall report all incidents of such conduct to the Title VII/IX Compliance Officer, Allegheny Intermediate Unit, 475 East Waterfront Drive, Homestead, PA 15120 (412) 394-5951 or the Assistant Executive Director of Operations and Educational Services, Allegheny Intermediate Unit, 475 East Waterfront Drive, Homestead, PA 15120 (412) 394-5957.

Meeting the Online Needs of School Districts

A service of the Allegheny Intermediate Unit

What is Waterfront Learning?

 Waterfront Learning is a flexible cyber education program specifically designed for school districts. This new, robust offering enables school administrators to take advantage of cyber technology and still provide a rigorous education at a responsible cost.

When it comes to online learning, each district has its own unique set of needs and goals. Waterfront Learning, a service of the Allegheny Intermediate Unit, has developed a menu of flexible options that incorporate high-quality courses, instruction, and professional development at reasonable prices.

Full Cyber Options

Complete Bundle, Full-Time

Under the complete bundle, full-time pricing option, districts can select their own package for a student in need of an all-inclusive, online learning experience. A full-time course load, highly qualified teachers, and all the support services available from Waterfront Learning are included.

Single Course Option

Individual courses can be purchased to supplement curriculum, allow for enrichment opportunities, offer credit recovery, or prepare for high-stakes testing. All support services and instruction are included.

Per Student Content Only Purchasing

Districts wanting the benefit of content without any support services from Waterfront Learning are able to purchase per-student licenses. The purchase of each license allows each student access to all course content offered through the vendor, assessment tools, elective package, and personalized learning path. The per student license is non-transferrable from one student to another. Professional development provided through Waterfront Learning is recommended for this option.

Content Only Purchasing

Given the flexibility of concurrent licensing, districts can explore online learning options in a variety of ways. Each concurrent license allows an unlimited number of students access to all course content and assessment tools offered through the vendor. The number of licenses purchased equals the number of students that can be logged in at any given time. Professional development provided through Waterfront Learning is also recommended for this option.

Professional Development

Effective online instructors need training and ongoing professional development to enhance their online teaching skills. Customized professional development is available on a wide range of relevant topics including: facilitation of eLearning courses, eLearning pedagogy, online course development for various platforms, 21st century teaching and learning, and integrating eLearning with a face-to-face environment.
