No online education program? No problem.

**Waterfront will**

- Train your teachers or use professional instructional services
- Enroll students in one course or a full schedule
- Offer flexibility to meet every district’s unique needs

“Like many districts, we continue to see an increasing need for online learning. Since partnering with Waterfront, we find the options for student choice and voice are endless.”

Jonathan Peebles, Assistant Principal
Baldwin High School
Ready to enhance your existing online program? Build with us!

**Waterfront will**

- Provide professional development for your team
- Expand course offerings in core content, world languages, career electives, enrichment, and credit recovery
- Anticipate and respond to the ever-changing landscape of online personalized education

“Waterfront Learning has provided our students with a wealth of otherwise unattainable learning opportunities. Course options are plentiful and relevant to our students’ needs and interests.”

Julie K. Cochran
Otto-Eldred High School Virtual Academy
Already have a well-established online learning program? Let’s make it better than ever!

**Waterfront will**
- Facilitate networking with a diverse professional learning community
- Differentiate online instruction through course customization that meets each student where they are
- Provide flexibility to adapt to an innovative vision for the future

“Waterfront has enabled me to educate more than 1,000 students, many of whom were at one time, unmotivated or had barriers to their learning.”

Dr. Marci Klinger, Cyber Director
Gateway School District
When it comes to online education, Waterfront Learning will meet you where you are and take you where you want to go.

With Waterfront, we have been able to provide more flexibility to our students, enabling them to get the courses they need and want through traditional and blended learning.

"With Waterfront, we have been able to provide more flexibility to our students, enabling them to get the courses they need and want through traditional and blended learning."

Tom McCloskey, Cyber Coordinator Clairton City School District
The Waterfront Learning Team is ready to collaborate with your district to design a creative, personalized program to meet your unique online learning needs. Our team of experienced professionals will assist as your school develops an innovative online or blended experience.

Once your district’s program has launched, our team will guide and support you every step of the way with customized professional development, impressive online curriculum options, cutting-edge technology, Pennsylvania certified educators, and personalized, efficient customer service.

Contact Waterfront Learning today and begin to learn, build, and lead in online learning!
